**Happy new year!**

The International EPD® System would like to thank all our stakeholders for 2013 and wish you all the best for the coming year. We are looking forward to cooperate with you during 2014.

**New EPD for road infrastructure published**

ACCIONA Infrastructure has published the first EPD® according to the recently published Product Category Rules for Highways, Streets and Roads in the International EPD® System. The subject of the environmental product declaration is the construction of the N-340 road in Elche in southern Spain.

### New record number of visits to environdec.com in 2013

A new record was set in 2013 with more than 96,000 visits to [www.environdec.com](http://www.environdec.com), which is a +30% growth since the year before. The geographical spread of the visits was great with 20 countries recording more than 1000 of the visits. The top five countries were Italy, USA, Spain, Sweden and the United Kingdom.

We hope to make the website even more usable and to attract even more visitors in 2014. Any feedback and suggestions on how to improve the webpage is appreciated, and may be sent to [info@environdec.com](mailto:info@environdec.com).
